

Mission

To help Mat-Su students build strong ties to school and develop skills that prepare them for the future.

Vision

All students are engaged in their learning and have tools to be successful in school and life.

The goal of *Spark* is to:

- Reinforce learning objectives from the classroom to increase comprehension and further academic progress;
- Build confidence and foster an interest in learning;
- Provide positive, encouraging role models to MSBSD students.

We seek to do this by:

- Finding a volunteer tutor/academic mentor that can meet student needs;
- Connecting student/s with a volunteer to work one-on-one or in a small group;
- Scheduling 1-2 hours each week for groups or pairs to meet;
- Keeping in contact with teacher, student, and volunteer to provide support as needed.
